**“Oh my, isn’t she simply charming,” or how about this, Wow, he’s so incredibly handsome and charming.”**

A Charm or Finishing School is known as “a private school for men or women that emphasize training in cultural, philanthropic, social activities, and the social graces.” The name reflects that it follows an ordinary school and is intended to complete the educational experience. Training can be varied, and many times, refresher courses may be a necessity.

While the term “Etiquette School” is often misleading as elitist or only for girly-girls, etiquette is for everyone. Etiquette is simply another work for respect for self and others. It is learning how to feel comfortable in any situation. It is the ability to make others feel comfortable and at ease in your presence. It is a feeling of confidence. The good news is that social graces is not merely for the well bred and well to do, but it is for everyone.

So, here’s the secret. Each of us is made up of many characteristics and attributes--The way we look, the way we feel, the way we think, the way we walk, and the way we talk. All of this and much more makes us what we are—the total of each individual, the total you. Charm is like an essence. It is easier to recognize it in a person than to define it. Charm is a combination of entirely attractive and delightful traits. CHARM IS YOUR STRENGTH. Charm is not the acquisition of one particular quality. It is the sum of many. Charm is everything about you, from what you are to what you wear.

Point to Remember. To have charm you must develop proper attitudes that lead to it. Then you must learn the habits of beauty because beauty is skin deep. Beauty is as beauty does. The way to success is through care and work.
